

Special Education Access to Student Records

School Year 2025-2026

The following professional personnel are authorized by the Washington County School District regulations approved by the local Board of Education action for access to examine all student records housed at _____.

Personnel so authorized need not sign the Record of Access form in all special service folders, nor are they required to obtain student or parent permission to review the records mentioned. All other individuals must obtain permission from parents and from students over 18 years of age before a record examination will be permitted.
