

Home Release Application

Students who are on track for graduation or who may have more than the required credits for graduation, or who have met with a counselor and created an early graduation plan, may choose to register for a Home Release/NO CREDIT course. The following serves as a guideline, disclosure to students and parents, and a contract between parents, students, and the school.

Please review checklist of requirements with Parent/Guardian and Student:

- ☐ Students must be informed of their graduation status when applying for Home Release. *A reduced schedule may impact NCAA eligibility, Concurrent Enrollment, CTE Pathways, College Applications, Internships/Apprenticeships, Honors Diplomas, Scholarships, and Social Security benefits.*
- ☐ The student and parent/guardian are aware that the Home Release is for NO Credit.
- ☐ During Home Release periods, the parent/guardian is fully responsible for the student's conduct, safety, transportation, and location. The Washington County School District is not liable during these times.
- ☐ Students registered for Home Release should not be on campus during those periods unless on official school business, to avoid distracting others.
- ☐ Students are advised to register for Home Release at the start or end of the day to avoid multiple trips to and from school.
