Code of Ethics

Performance Management Washington County School District

1. Purpose:

The Board subscribes to the code of ethics and professional conduct as adopted by the professional education associations affecting this District, and feels that such associations should be instrumental in enforcing such codes.

2. Policy:

The Board of Education may interpret as unprofessional any act by any employee of this school District to exert unreasonable and unwarranted pressure upon the Board, the Superintendent, or principals by soliciting support from individuals or groups, except as may be reasonable and necessary in connection with hearings involving said employee.
