Students with disabilities shall meet graduation requirements with appropriate accommodations, curricular modifications and amendments as determined by their Individualized Education Program (IEP's). The student's transcript must not identify special education classes.

8.1. Graduation issues must be addressed by the IEP team on an individual basis. 8.2.1.1. All USOE and WCSD graduation requirements are complete.

8.2.1.2. All requirements are met as per IEP amendments, which maintain the integrity and rigor expected for high school graduation, up through the age of 22. (A cumulative record of amendments must be maintained.

8.4.1.3. Students with disabilities who pass the GED Test and earn a Utah High School Completion Diploma are eligible to return to the school system as this type of diploma does not qualify as a "regular high school diploma" and does not end the LEA's responsibility to provide FAPE as per IDEA.

Washington County School District recognizes that a student's graduation is a culmination of years of planning and successful completion of state and district requirements. The wearing of the cap and gown and participation in the ceremony awarding the certificate of completion or diploma shall be reserved for students who have met those requirements. The Board recognizes the importance of the completion of the requirements for a certificate of completion or diploma from the high schools of Washington County School District and views it as an achievement that improves the community as well as the individual. The Board wishes to recognize that achievement in a publicly celebrated graduation exercise.

13.1. Participation in the graduation ceremony is an opportunity and not a protected property right. Participation may be denied as a disciplinary measure, or if student refuses to comply with graduation ceremony standards established and developed at the individual school site.

13.2. Participation in the graduation ceremony is optional and is not required.
